My Mark: 9/10

Student Reflection

I gave myself this mark because I worked hard on my cuneiform and I think it turned out great. It was pretty square and my symbols and numbers were really neat and you could read them. They weren't perfect but if you think about it, I don't think ancient Mesopotamia's cuneiforms would be perfect either. I enjoy getting my clay and rolling it into a ball and trying to make it square. It was really fun and cool. I have never done that before so it was a great experience. Some things I did are taken my time a bit more and did it slower. I think that was my only downfall but overall this was a great experience and I would love to do it again.
